

A Unique Way To Care For

- Youth & Family • Food & Shelter
- Health & Mental Health

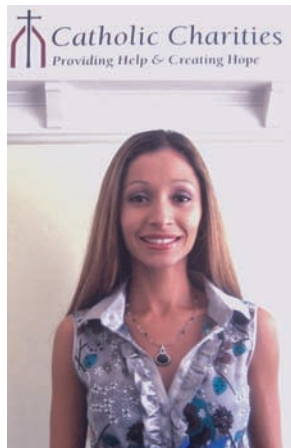

"For 12 years Girl Scouts gave me a foundation that enriched my life with life-long friends and exhilarating opportunities. Today I volunteer at the office and enjoy being able to give back to the organization that has given me so much."

~ **Katie, Torrington High School Senior**

"For a number of years FISH has been there for my family. They have helped with household foods, baby foods and diapers.

Their Thanksgiving and Holiday programs have helped me to provide for my family at a special time of year. FISH is always there when we have needed them. What a blessing!"

"Catholic Charities has given my life new direction. Their counselors made me realize that being a victim of child molestation didn't have to cripple my life. When I go there I feel like part of a family, and that means so much to me."

A Unique Way To Care

**United
Way**

Why Choose The United Way

As The Way To Care

- An efficient annual campaign that allows you to give to many charities at once.
- An annual review of member agencies, their funding requests and an accountable distribution of funds based upon community need by a citizens' committee.
- A premier volunteer system of community members raising funds and locally distributing them where they can do the most good.
- An ongoing analysis of community problems, working with agencies and community leaders to find solutions.

The Circle of Caring

Why and What is it?

The Circle of Caring offers you a unique way to join the United Way of Northwest Connecticut's annual campaign. The more support for the United Way, the more people can be helped. From the youngest to the oldest - for our neighbors, friends, family or ourselves - the assistance, services and programs most needed can be there when we support them.

You don't have to be a millionaire to make a big impact in peoples' lives. The Circle of Caring consists of three leadership levels; which allows you to pick the level of contribution that is right for you.

66,581 lives were touched by our local 22 United Way agencies in 2007.

Won't you help us help so many?

Contributions between
\$365 - \$749

An **Everyday Hero** is a person who supports their local community, through the United Way of Northwest Connecticut, by contributing a minimum of a dollar a day. It may just be a dollar, but that dollar creates thousands of opportunities and support for everyday people in our neighborhood.

**Join us this year
and become a charter member
of our **Everyday Heroes**.**

Contributions between
\$750 - \$999

As an **Emerging Leader** you are responding to the expanding needs of your friends, neighbors and surrounding communities. Your ability to contribute more financially supports the United Way of Northwest Connecticut's goal of continuing to provide the necessary increased funding for the programs and services which make a better, safer community.

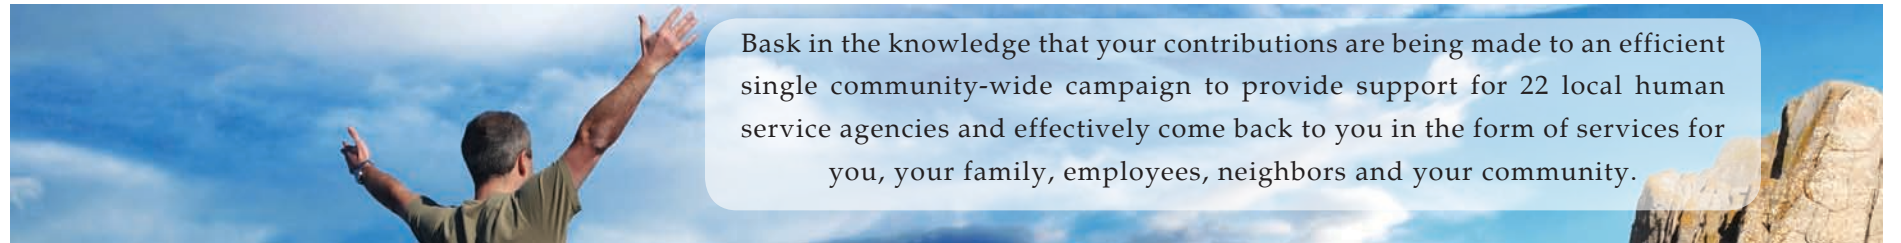

**Please accept our invitation
to be one of our first
Emerging Leaders.**

Contributions of
\$1000 or more

The **Leader's Circle** is to encourage and recognize substantial contributions of \$1,000 or more. Your gift will challenge others to support the United Way, commensurate with their ability, and provide you with an opportunity to expand your leadership role for a more caring community.

**We welcome you to
be included in our
Leader's Circle.**

Bask in the knowledge that your contributions are being made to an efficient single community-wide campaign to provide support for 22 local human service agencies and effectively come back to you in the form of services for you, your family, employees, neighbors and your community.
